Enabling Technologies Wins Microsoft Unified Communications Solutions Award

Glen Arm, MD, USA— June 24, 2009 — Today, **Enabling Technologies** proudly announced it has been selected as a 2009 Microsoft Worldwide Partner Conference Awards winner in **Unified Communications Solutions, Instant Messaging and Presence**. The company was chosen out of an international field of top Microsoft partners as delivering market-leading customer solutions built on Microsoft technology.

“Microsoft is proud to recognize Enabling Technologies for delivering IM/Presence capabilities to their customers through integration of the Office Communications Server,” said Ross Brown, Vice President, Solution Partners and ISVs, Microsoft Corp. “Enabling Technologies has helped their customers switch to OCS R2 and Exchange Unified Messaging from competing solutions and provided better integration capabilities with SharePoint. Their solutions have allowed their customers to see increased growth opportunity and reduced overall costs.”

Awards will be presented in a number of categories, with winners chosen from a pool of nearly 2,000 entrants worldwide. The Unified Communications Solutions, Instant Messaging (IM) and Presence Partner of the Year award recognizes partners who have excelled in delivering solutions that use Microsoft Office Communications Server and Microsoft Office Communicator to plan, deploy, and manage IM and presence. Enabling Technologies Office Communications integrations and custom application solutions enable intuitive and seamless communications. Benefits for clients include increasing productivity and cash flow by automatically tracking OCS communications, decreasing the time to market for products and communication enabled business processes or CEBP. To be eligible for this award, you must:

- Be active in the Unified Communications Solutions, IM and Presence specialization.
- Profile your nominated solutions in Partner Solution Profiler.

“Enabling Technologies is truly honored to be recognized by Microsoft for our efforts in building a practice that focuses strictly on Unified Communications. We have been working hard to establish our position as a market leader in UC and this is validation of that hard work.” says, Bill Vollerthum, President of Enabling Technologies Corp.

The Microsoft Worldwide Partner Conference Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions over the last year.
